

April 1st, 2020

To Our Valued Customers,

Taylor Lubricants has reviewed the South Carolina Executive Order that was issued Thursday March 19th, 2020 regarding COVID-19. We have concluded it expressly exempts the oil and gas industry, which includes our company (South Carolina Executive Order #2020-11, specifically exempts manufacturing, distribution and supply chains for critical products).

There are certain critical infrastructure sectors whose assets, systems and networks are considered so vital to the United States that their incapacitation would have a crippling effect on the national economic security, the national public health wellbeing or any combination thereof. Taylor Lubricants plays an essential role in the manufacturing, distribution and supply chain sector.

The Executive Order provides comprehensive exemptions to allow Taylor Lubricants to continue to operate. While we continue to take steps to ensure the health and safety of our employees, we are committed to providing uninterrupted service to our valued customers.

Sincerely,

A handwritten signature in black ink that reads "Michael Flynn". The signature is written in a cursive, flowing style.

Michael Flynn
Chief Operating Officer

TAYLOR ENTERPRISES, INC.
